

## SfGS Meeting

tues, 16 may 2006, 6.00-7.00 pm, 4-149

- I) WSC-SD (Elke)
  - A) Background information
    - 1) Energy and environment focus initially
    - 2) Students began own groups that were more project-focused
    - 3) Annual meeting
  - B) AM comments
    - 1) Theme: "Mind, Knowledge & Sustainability"
    - 2) Ideas for working together on projects with international involvement
    - 3) Question of whether WSCSD should tie into SfGS and S\* at MIT
    - 4) Very diverse participants internationally and professionally
    - 5) Opportunities to meet other students for collaboration on projects
  - C) S\* = Sustainability @ MIT
    - 1) Trying to bring about institutional change at MIT through (1) curriculum, (2) grass-roots with students and (3) top-down with admin
    - 2) Upcoming meeting with advisor to President to discuss sustainability on campus and to get sustainability-related issues on the agenda of President
    - 3) Concern of differentiating themselves from other sustainability groups to acquire funding from ASA
  - D) New SfGS officers will sit down with S\* folks to talk about possibilities for collaboration and how best to achieve them
- II) Brainstorming
  - A) Perhaps we can work more with TPP in the future
  - B) Importance of increasing membership
- III) Elections
